This baked gift will keep at room temperature for \_\_\_\_\_.

After that, move it to the fridge for up to \_\_\_\_\_.

It also may be frozen in airtight, freezer-safe packaging for at least 2 months.

This gift has been sealed. To store it, remove the ring and set the jar on a shelf in a cool, dark place. It will keep this way for a year or more.

Once open, replace the ring and store in the fridge; ideally, eat within 3 weeks.

This gift has been dehydrated and packaged to reduce moisture. Store it in this packaging in a cool, dark, dry place. It will keep this way for a year or more. For longer storage, place in the freezer; do not refrigerate.

This gift has not been sealed and must be stored in the refrigerator. It is best used within \_\_\_\_\_.

If it firms or separates while cold, let it sit at room temperature a few minutes and then recombine.

This baked gift will keep at room temperature for \_\_\_\_\_.

After that, move it to the fridge for up to \_\_\_\_\_.
